THE last thing many women will admit to is having had a little work done. It's the kind of secret women's business we wish to keep close to our recently 'upholstered' chests.

If only the walls would talk and then we would know for sure who has visited Sydney's best plastic surgeons.

Dr Warwick Nettle

Silkwood Medical, Level 4, 75 Grafton Street, Bondi Junction: 02 9387 3900

DR NETTLE has long been a favourite with Sydney socialites and has also spent time training in New York. He focuses on facelifts. His work is so respected that many women would never consider going elsewhere. In the gossipy world of eastern suburbs' coffee bars, where some reputations are swiftly dismantled, Dr Nettle's name is treated with reverence and respect.

GUESS WHO? DON'T SUE:

WHEN one of the fussiest businesswomen in Double Bay had a facelift with Dr Nettle, many held their breath, but she was so pleased, she went back for a refresher years later.
