## A MESSAGE FROM DR NETTLE

One of the things I am proudest about is our multi-talented team at Silkwood Medical. Many people have seen the Silkwood Medical practice featuring on Channel 7's "10 years younger in 10 days." Silkwood was chosen not only because of the very experienced and talented people we have but because Silkwood is a fairly unique practice in Australia.

Very few practices have the ability to perform surgery in the office, do injectibles and non-surgical skin enhancement as easily and efficiently, and coordinate well as a team doing this.

Many people have asked me "was it truly 10 days?" The answer is yes, in fact we had our patients doing their "reveal" generally 8 or 9 days after surgery or injectibles! And most were running or going to the gym or playing squash within 2-3 days – although I wouldn't regularly recommend this. Fast recovery procedures are gaining in popularity, and there is a world of minor surgical procedures, cosmetic injectibles and facial skin enhancement procedures that can be explored at Silkwood Medical

## LATEST TV HIT SERIES

### Have you seen our team on the latest TV hit series?

The SILKWOOD MEDICAL team have been showing us what they do best – creating beauty. And with a wide selection of options and available treatments, the same team will tailor a treatment program for your specific needs.

These packages are 100% flexible. In consultation with our team, your personal program will be developed to suit your current skin condition, your goals and your budget. So whether you want 'just a small change' or a 'just back from holiday' look, whether you prefer a 'no-needle zone' or are happy to 'back up the truck', we would be happy to help you achieve your own natural-looking beauty.

### 10 YEARS YOUNGER FOR \$6,500

ProFractional Skin resurfacing (normally \$1,600)  
Anti Wrinkle Injections for one area (normally from \$450)  
Dermal Filler for lip enhancement, lines, wrinkles and creases 1ml (normally from \$660)  
Plus Surgical treatment for example upper or lower eye lift, brow lift (normally \$5,500)  
**Total normally \$8,210 [save \$1710]**  
+ Receive 30% off your complete Hair makeover at Troy Thompson Hairdressing

Dr Benjamin Norris

Interplast patients

## INTERPLAST –

### **Repairing bodies. Rebuilding lives.**

Interplast Australia & New Zealand sends teams of volunteer Plastic & Reconstructive surgeons, anaesthetists and nurses to developing countries in the Asia Pacific Region to provide free treatment and medical training. The next program will be conducted in Samoa and our own Dr Norris and his wife will contribute their time and skills.

Interplast volunteers provide free treatment to people living with a disability from a congenital condition such as cleft lip and cleft palate or acquired conditions such as burns scar contractures. Treatment is targeted to underprivileged populations who would otherwise not be able to afford to access services.

70% of the patients are under 15 years of age. Often these children are ostracised simply because they look different, or cannot perform simple tasks for themselves. They often do not go to school because they are teased by their peers. They potentially live a life without friends or an education and often are a continual burden on their family.

In many cases a simple operation will repair their condition, and give them the confidence to attend school, restore functionality, and grow up to contribute economically to their family and ultimately the community in which they live.

SILKWOOD  
MEDICAL

## A NEW FACE FOR SILKWOOD MEDICAL

Expect to see Michelle Kostrikin around the clinic. Michelle has joined the Silkwood Medical team as our new Cosmetic Surgery Consultant. Michelle will be following through with Dr Nettle and Dr Norris' consultations and ensure patients receive optimal after treatment care.

With many years of patient care and co-ordination experience behind her, we are fortunate to have Michelle on board. We are sure you will enjoy hearing from her.

## WHERE WE ARE:

Your first consultation and many of the highly favoured treatments available for cosmetic enhancement are available in the comfort and privacy of our Bondi Junction clinic.

Most of these outstanding results are delivered in the calm of our private clinic, in the quiet end of Bondi Junction.

Just minutes away from the busy shopping district and the hub of bus and train stations, but you would never know that Silkwood Medical was tucked away in an office block, surrounded by metered street parking and free council car parks.
